ADA/ABA compliant

Disabled standards

Traffic and access

- > Light vehicles

Cocobeach is ideal for beaches, terraces, or temporary spaces, offering a practical, eco-friendly, and attractive solution.

Easy installation & low maintenance

QUICK INSTALLATION

The installation of Cocobeach requires a hammer, a broom, and one or two people.

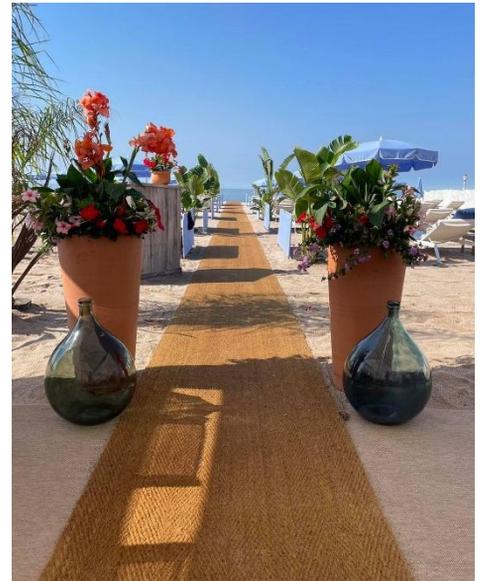

First, the ground must be leveled using a broom, then the mat is rolled out. Next, anchor stakes provided, through the mat every 5 meters.

To create curves, simply overlap two mats and secure the lower mat using the stake from the upper mat.

Dismantling is easy: simply sweep the mat, remove the stakes, and roll the mat back up.

LOW MAINTENANCE

The mat requires no special maintenance other than minimal cleaning.

*Lifespan of
2–3 years
when the mat
is rolled up at
the end of the
season once
it is
completely
dry and not
damp*
